CULTO DA IMAGEM

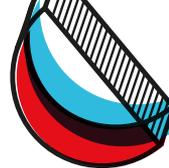

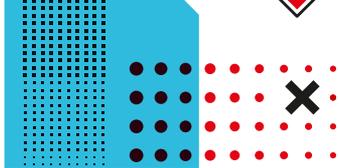

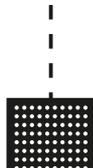

Quadrilha dos bons, mentes engenhosas,
com o tique incurável de pôr mãos à obra.
Depois há a tal história (quase ninguém acredita)
que somos todos natos alérgicos à humildade.
É possível. Imaginamos, criamos, produzimos,
e pelo meio sabotamos viagens à inconsequência.

Propaga o rumor que fomos nós que montámos
o presépio do menino, não temos ideia, foi há muito tempo,
mas o nosso puto de recados chama-se
nada é impossível.

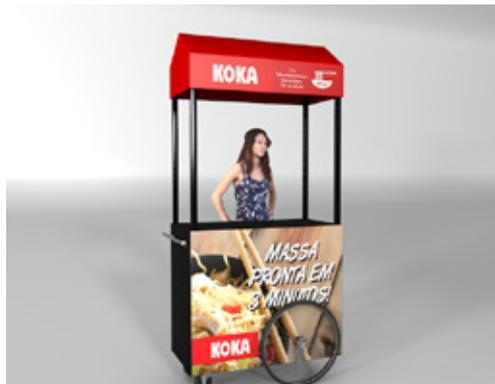

Poder-nos-íamos chamar grémio internacional da ideia,
ou união trabalhadora dos massa cinzenta, mas não,
somos *Culto da Imagem*.
